

# A.M. Realty Now Amalfi Estates

*Palisadian Anthony Marguleas is owner of both Amalfi Mortgage and Amalfi Estates, formerly called A.M. Realty.*

Palisadian Anthony Marguleas has announced a new name and identity for his independent real estate company. Formerly known as A.M. Realty, which up until two years ago catered to real estate buyers only, the company is now called Amalfi Estates.

"My decision to change the name was to reflect the company's expertise with the luxury home market and its increasing focus in this area," said Marguleas, who lives in the Alphabet streets. "It was also fueled by several clients mentioning that the company name should reflect the high level of service we provide. The name 'Amalfi' has links to the Riviera here in the Palisades, as well as to the

glorious Italian coast. Amalfi Drive is also one of the area's most beautiful streets and has some of the nicest homes in Southern California."

Besides providing valet parking at all its open houses, Amalfi Estates, which currently has a number of listings in the Palisades, offers home staging services, customized Web sites for each property, and full page ads in high quality publications. For buyers, the company offers a chauffeured limousine for home tours, along with catered lunches.

Marguleas said his company, which services the Westside and San Fernando Valley, will continue to be headquartered at 15113 Sunset. Contact: Anthony Marguleas, 573-4245, extension 100.
